Colour Tint WB™

Pigment Additive for Colour Seal WB Concrete Sealer

ACRYLIC SEALERS

Durável Colour Tint WB pigments are made for use only with Colour Seal WB water-based tint base acrylic concrete sealers. Unlike other field-added pigment systems that use clear sealers, the Durável system provides excellent color coverage and hide. Colour Tint WB pigments are UV stable and alkali resistant, helping provide superior fade resistance over time.

Typical Uses:

- **Patios and Entranceways**
- **Decks and Balconies**
- **Driveways and Walkways**
- **Pool Deck Overlays**

Product Advantages :

- **Excellent Opacity and Hide**
- **Consistent Color Results**
- **UV-Stable and Alkali Resistant**

Pre-Measured Pigment

Pigment Five Gallons of Colour Seal

Select from 25 Designer Colors

Safety Colors

Solid Black or White

Coverage:

Add the contents of one unit Color Tint WB to one 5-gallon pail Colour Seal WB tint base.

Directions for Use:

Mixing Instructions:

Select the correct Colour Seal WB tint base before mixing. See the Colour Tint WB label for details.

In general, use:

- One 20-ounce unit of Colour Tint WB for one 5-gallon pail of Colour Seal WB White Tint Base.
- One 64-ounce unit of Colour Tint WB for one 5-gallon pail of Colour Seal WB Deep Tint Base.

Remove the lid from the Colour Seal WB pail and mechanically mix the sealer until it is fully blended. Colour Seal WB pails are short-filled to leave room for the added pigment.

Shake the Colour Tint WB container well before opening. Pour the entire contents into the correct pail of Colour Seal WB tint base. Add 8 ounces of clean water to the empty Colour Tint WB container, replace the lid, and shake well. Then pour that remaining material into the Colour Seal WB pail. Mechanically mix the pigmented Colour Seal WB until it is completely blended.

For best results, box multiple pails of pigmented Colour Seal WB together before applying the top coat. This helps keep the color consistent across the project. Do not mix partial batches.

Technical Data

FOR PROFESSIONAL USE ONLY

Storage:

Store in a well-ventilated place. Keep container tightly closed. Protect product from freezing.

Disposal:

Recycle and/or dispose of contents and containers in accordance with local, regional, national, and international regulations.

Shelf Life:

Up to one year from original manufacture date when stored in its original, unopened container at room temperature. May be extended with reasonable care.

Limitations:

This product is not intended for public use and is intended for use by qualified contractors and installers with proper experience and training in the use of these products, and that have read the complete safety data sheet. Apply product only when substrate and ambient temperatures are within the accepted range.

Warranty:

IMPORTANT!

Before using any Durável product, read and understand its accompanying Safety Data Sheet & Application Instructions for important safety information.

STANDARD TERMS AND CONDITIONS OF SALE, INCLUDING STANDARD WARRANTY APPLY – VISIT Durável.com FOR THE LATEST VERSION.

Disclaimer:

Shade variances between individual pails of pigmented sealer are normal and are not considered defective. For best results always box together multiple pails of pigmented sealer, especially prior to beginning application of the top coat.
