Concrete Eraser™

Safely Removes Concrete Splash and Residues

SURFACE PREPARATION

Technical Data

Durável Concrete Eraser is a 100% biodegradable concrete removal product. It works by breaking down the cement bond and turning hardened concrete back into a loose slurry that can be rinsed away with water.

Concrete Eraser is non-corrosive, non-combustible, and will not harm human skin when used as directed. Use it to remove concrete from vehicle paint, mixing drums, tools, finishing machines, and other surfaces. Once the concrete has loosened, the remaining material can be safely washed away without harming the environment.

Typical Uses:

- **Clean Mixing Trucks And Chutes**
- **Remove Concrete Splash**
- **Restore Hand Tools**
- **Unclog Pump Lines And Drains**

Product Advantages :

- **Non-Corrosive, No Acids**
- **Safe For Use On Most Paints**
- **Vertical And Horizontal Use**
- **Environmentally Safe**

Dwell Time - approximately 5 minutes

Application Temperature
Above freezing to 90° F

VOC Content
< 10 g/L

Packaging:
1-Gallon Jugs

Coverage:

Use direct from container, do not dilute. Spray coverage varies with texture and thickness of concrete to be removed.

Directions for Use:

Mixing Instructions:

Material should be shaken or stirred well prior to application. Long term storage may allow material to separate.

Application Instructions:

Do not dilute the product. Do not apply Durável Concrete Eraser to wet surfaces. Water will dilute the product and make it less effective.

Apply generously with a pump sprayer or trigger sprayer. Saturate the concrete buildup that needs to be removed, but avoid excessive puddling or heavy buildup. On rough surfaces, scrub the applied product with a soft bristle brush. Results should begin in about 5 minutes.

Rinse clean with cold water. To avoid scratching, do not wipe or brush loosened concrete residue across painted or sealed surfaces. Repeat as needed for deep or stubborn concrete deposits.

FOR PROFESSIONAL USE ONLY

Small tools with concrete residue can be soaked in a tub of Concrete Eraser, then rinsed clean.

Always test in a hidden area first to make sure the results are acceptable. Protect nearby surfaces as needed.

Clean Up:

Clean tools, sprayers, and mixing vessels with soap and water.

Storage:

Store in a well-ventilated place. Keep container tightly closed. Protect product from freezing.

Disposal:

Recycle and/or dispose of contents and containers in accordance with local, regional, national, and international regulations.

Shelf Life:

Up to one year from original manufacture date when stored in its original, unopened container at room temperature. May be extended with reasonable care.

Limitations:

This product is not intended for public use and is intended for use by qualified contractors and installers with proper experience and training in the use of these products, and that have read the complete safety data sheet. Apply product only when substrate and ambient temperatures are within the accepted range.

Warranty:

IMPORTANT!
