Durável TSO™

TROWEL SPRAY OVERLAY

PRODUCT INFORMATION

Durável TSO is a durable decorative overlay used to refresh old or new concrete with a wide range of colors, textures, and patterns. It can be applied with common concrete tools to create smooth, sprayed, knockdown, stenciled, or other custom finishes.

Color can be added throughout the mix, then enhanced with In-Fluence™ stains and a Durável sealer to create the look of stone, slate, wood, and other natural materials. TSO is suitable for residential and commercial areas, including surfaces exposed to light vehicle traffic. Warm- and cool-weather formulas allow contractors to install it throughout the year.

TEXTURE OPTIONS

- ☑ Knockdown Texture
- ☑ Stencil and Grout-Line Designs
- ☑ Multicolor Spray Textures
- ☑ Bubble Finish
- ☑ Slate Texture and Wood-Look Finishes

TYPICAL LOCATIONS

CUSTOM TEXTURES

Durável TSO can be shaped with standard concrete tools to create familiar finishes or completely custom designs. Its versatility allows your contractor to produce anything from a simple, proven texture to a one-of-a-kind surface that complements the style of the property.

RESIDENTIAL

Durável TSO can refresh concrete throughout the property, from the driveway and front walk to the patio and pool deck. Its wide range of textures and colors can improve appearance while creating a more slip-resistant surface where added traction is important. Turn plain, worn concrete into a safer and more attractive part of the home.

COMMERCIAL

Durável TSO gives worn, damaged, or plain commercial concrete a fresh, professional appearance. It creates an attractive, durable surface that is easy to maintain and can provide added slip resistance in busy areas. The finished overlay improves the look of the property while delivering long-lasting performance.
