Durável TCO™

THIN CONCRETE OVERLAY

PRODUCT INFORMATION

Durável TCO is a thin microtopping or microcement overlay that can refresh worn concrete indoors or outdoors. It can be applied to floors, walls, and other horizontal or vertical surfaces to create a smooth modern finish or a custom decorative texture with very little added height.

Available in white or gray, TCO can be colored with Durável Overlay Color Packs and enhanced with In-Fluence™ stains for nearly endless design possibilities. Its flexible, self-bonding formula provides excellent strength, adhesion, and long-lasting durability. Weather-resistant packaging also helps protect the product before installation.

TEXTURE OPTIONS

- ☑ Smooth, Modern Finishes
- ☑ Stencil and Grout-Line Designs
- ☑ Wood-Look Concrete
- ☑ Natural Slate Finishes
- ☑ Venetian-Style Wall Finishes

TYPICAL LOCATIONS

- ☑ Commercial Floors
- ☑ Restaurants and Showrooms
- ☑ Indoor and Outdoor Residential Floors
- ☑ Interior and Exterior Walls
- ☑ Decorative Stencil Applications

CUSTOM TEXTURES

Durável TCO can be applied in a smooth, ultra-thin finish or built into a more textured, slip-resistant surface. Color can be added throughout the mix, then enhanced with In-Fluence™ translucent stains to create depth and natural variation. The finished surface can be so distinctive that many people may not realize it is concrete.

RESIDENTIAL

Durável TCO can transform surfaces throughout the home, indoors or outdoors. It is ideal for basements, living areas, kitchens, patios, walls, and many other spaces. By combining integral color with decorative stains, your contractor can create the look of natural materials while providing the strength, durability, and easy maintenance of concrete.

COMMERCIAL

Durável TCO gives worn, damaged, or outdated concrete a fresh, professional appearance. It creates a durable, attractive surface that is easy to maintain and helps improve the overall look of the property. Textured finishes can also provide added slip resistance for busy commercial spaces while delivering long-lasting performance.
